

Elementary Discovery Teacher Job Description

General Description:

Serve identified students in small groups outside of the regular classroom in lower elementary to participate in enrichment units of study. Utilize the course of study provided by Village Christian Academy and appropriate learning activities, guides, textbooks, and other instructional materials provided.

Reports to:

Principal

Evaluation:

The Division Principal evaluates the performance of the teacher regularly, and annually, in accordance with VCA policy and this job description.

Professional Qualifications

- Experience teaching elementary school level effectively (3 years preferred).
- AIG endorsement (preferred).
- Valid teaching license or ability to secure ACSI teacher certification.
- Strong collaborative skills.
- Has a sense of humor and connects with students.
- Strong communication skills and the ability to effectively correspond with students and parents.

Assigned Duties:

- Provide challenging instructional activities in math, reading, writing, problem-solving, and critical/creative thinking to students in grades one and two.
- Provide an enriched educational environment designed to develop superior thinking skills.
- Create and assign tasks that are intellectually challenging to the students.
- Afford opportunities for identified students to interact with like-minded peers.
- Employs a variety of instructional technology, strategies, and media.
- Provides weekly updates to families of identified students.
